About Us

Council of Education and Development Programmes (CEDP), Mumbai's leading Skill Development Institute was established in the year 2010, with an objective of providing improved quality of life to individuals and groups through apt skill training and education to enhance their employability. Since then, the organization has strived hard to provide the most relevant training solutions to not only the metro and the mini-metro cities of the country, but to the most remote geographies so that the student communities at large can benefit from the knowledge gained from the education provided and enhance their employability and therefore, employment opportunities.

In the training and education space, CEDP provides training in the areas of Paramedical, Automotive, Hotel Management, Industrial Safety, Financial Accounting etc. Almost all of these programs are either associated with guaranteed internship and/or 100% placement or placement assistance. Most of these programs are mapped to certificate, diploma level recognition and certification. CEDP's blended methodology of classroom training combined with Live On Job Training is the best method of training and orienting students for a bright career ahead.

CEDP Skill Institute helps in creation of Blue collar work force for the above mentioned sectors. Training, Industry interface, certification and employment is the core work cycle at CEDP Skill Institute enabling the 18 years old and above youth from marginalized section of the society to get a livelihood by acquiring the necessary skills for the job.

We, at CEDP, would like to invite ignited minds to witness what we call the boom in youth employment and growth in industry oriented short term professional courses with on job training, ensuring that our students have the knowledge and practical skills to make count in their respective fields

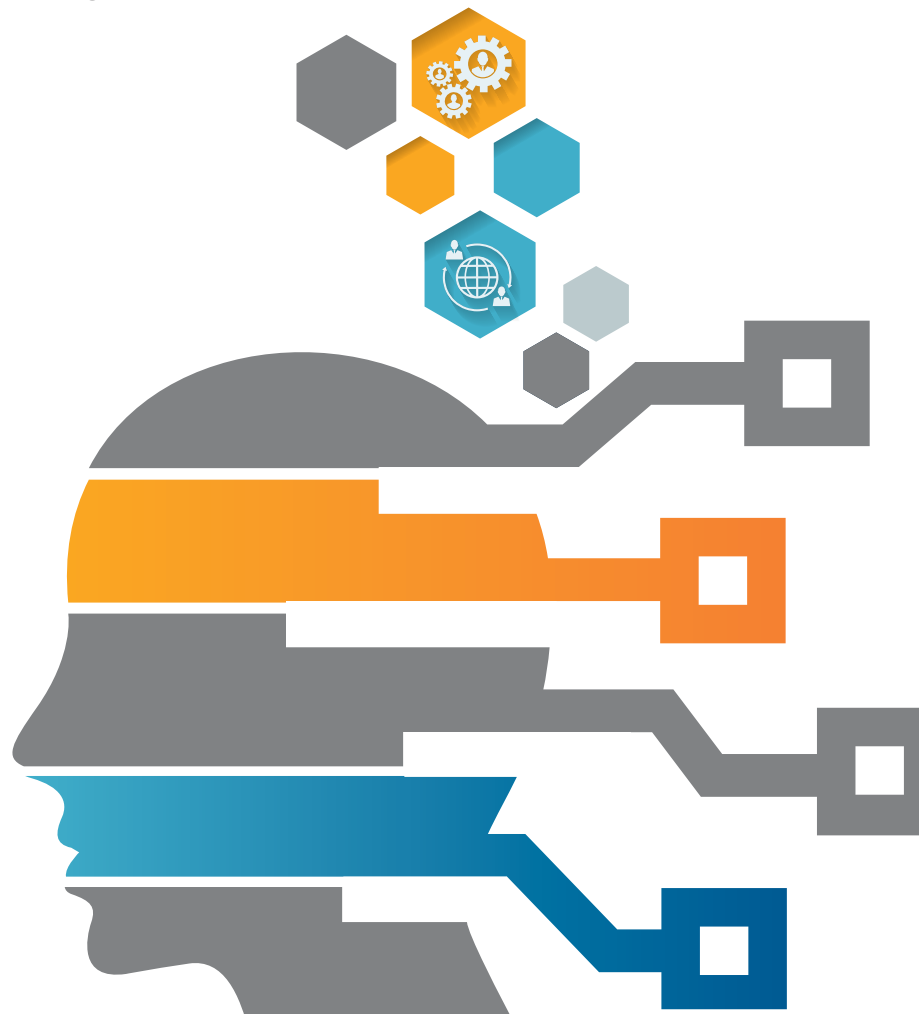

Employment Services through 'Capable Workforce' (CWF) has been the ultimate focus of CEDP Skill Institute since the inception, because of the firm belief that any training and education program eventually needs to convert into decent and growth-oriented employment opportunities for everyone. Driven by this belief, CEDP has gone ahead and partnered with companies related to almost all the verticals in which it provides training and education so that it helps the students to gain On Job Training from the very primary levels of their program. This effort has paid off well with the partner companies to hire, train and retain their workforce from time to time. Our students are then placed in the relevant industry which enhances their Quality of Life.

OUR VISION

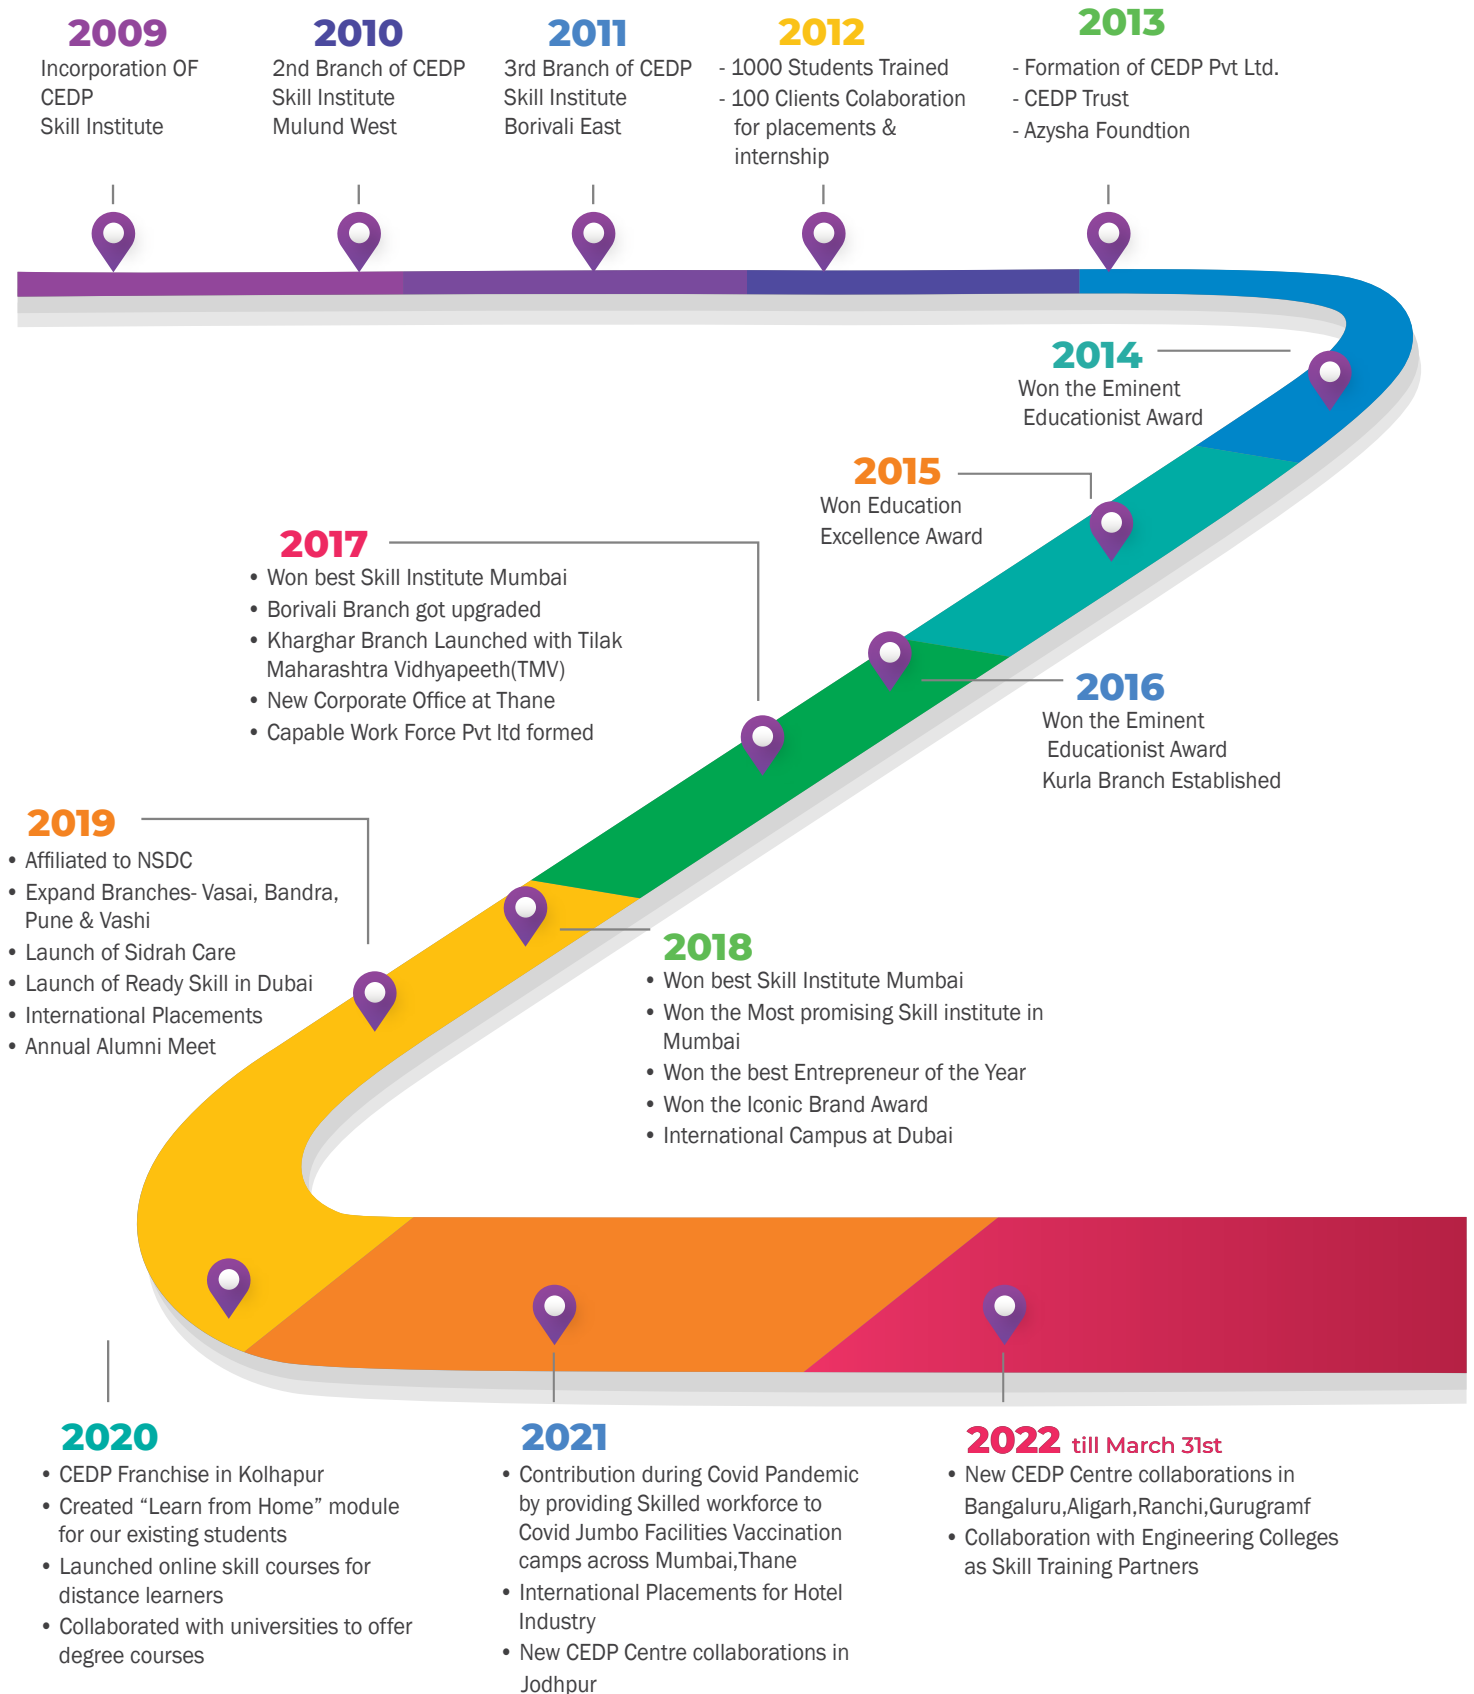

We create
HUMANITY OF SKILLS
and INTEGRATE
TECHNOLOGY
for the modern world
with ease.

OUR MISSION

We Nurture
your
DREAM *to*

and EXCEL

CEDP JOURNEY

Visionary Of CEDP

Ms. Shaheen Khan

CEO and Founder, CEDP Skill Institute

Mrs. Shaheen Khan is the Founder Director of the Council of Education and Development Programmes Pvt Ltd and Capable Workforce Pvt Ltd. She has established over 300 skill incubation centres across Maharashtra and been a part of Education Industry for over 12 years. She is a woman who firmly believes in "you can do anything you set your mind to" and she is always after her own passion and purpose.

Her mission is to 'Empower the Youth of India with job oriented courses'. Contribution towards the National Mission of 'Skill India', she has made a distinct contribution towards modernizing and

“

To be no 1,
World class Skill Development
institute contributing towards
the National Dream
of Skill India

”

revitalizing the existing skill education system that had lost its vigour and become rusted over time. Her constant endeavors and efforts have made 'CEDP Skill Institute' No. 1 Skill Development Institute in Mumbai. She is a certified GTD Trainer, Coaching Master, Holistic Practitioner and a certified Transformational Coach from NLP Training and Coaching Institute - a global prestigious coaching institute.

She has been awarded as the 'Eminent Educationists Award at Indo-American Education Summit' for the year 2013, 2016.

Message from Founder Director's Desk

"We understand propagating the cause of higher education and extending it to rural and semi-urban areas is one way of contributing to the uplift of social welfare. This is truer today than ever before. Over the last decade or so, things in our economy have started moving and changing fast. Geographical boundaries are losing their meanings. Production and pricing decisions are being influenced mostly by the dictates of a market mechanism. In the present radically transformed and dynamic business scenario, technical and management education occupy a special place.

There is an increasing demand for technical and managerial skills. Talented and ambitious young boys and girls are learning fast the importance of making right decisions at the right time as regards the type of education they should go in for. It is this sense of decision-making and the will to work hard that is most necessary for making one's dreams come true. We, at the Institute, look forward to making our contribution in this regard. We welcome you to this temple of learning. It is our sincere hope that in the Institute we, as a well-knit committed team, can contribute to making your dreams come true".

Mr. Vasim Shaikh

Co- Director CEDP Skill Institute

Mr. Vasim Shaikh, Co-Director Council of Education and Development Programmes Pvt Ltd.

He is also Director for Capable Workforce Pvt Ltd and President for CEDP Trust and Azyshaa Foundation. He has 12 years of Experience into Hospitality Industry.

Being alumni of Institute of Hotel Management, Goa and a chef, He has keen interest in the Training and Development of students pursuing their Diploma in Hotel Management and International Hotel management at CEDP Skill Institute

With over 15 years of experience in Corporate

Training, Hospitality, Training and development, Project management and Marketing, The Branding, Marketing and Positioning of CEDP Groups in spearheaded under his leadership. He serves on the consultant panels of various hotels in India and Overseas.

He is a ANLP Certified Master MLP Practitioner & Worlds no1 Business Coach” Marshall Goldsmith Certified Business Coach and Advance Life Coach

Message from Founder Co-Director’s Desk

“CEDP is committed to maximize the knowledge and skills of students, thus making them competent to meet global challenges. The ethics of value-based education system are strictly followed in the CEDP to promote good character building among the young generation.

On behalf of the CEDP I welcome all the students and look forward to them to serve the nation for fulfilling dream of building a strong and modern India.

With Indian economy maturing and getting increasingly professional, role of business schools is becoming progressively complex. In days to come there will be need for specialized managers with perspective to work in volatile environment. The course content and delivery mechanism is being modified to meet emerging challenges, subjects being taught through increased involvement of students and simulation techniques. Emphasis is paid towards building decision making and analytical skills of students.

Holistic personality development of students is the other area of attention.

We are indeed grateful for active participation by several corporate in our various initiatives. We are also thankful to management, members of Academic Advisory Council and Board of Studies who have always provided required impetus and patronage. We look forward to their continued support in our journey forward with a vision to create "an institute with a difference", where 'WE SKILL PEOPLE'

CEDP AWARDS AND RECOGNITION

Every Award is special since it is the recognition of the hard work and efforts that CEDP has put in to promote and deliver Skill Education.

B.VOC in MEDICAL LABORATORY TECHNOLOGY

Eligibility

- **Lateral entry for 2nd year:**
10th pass with 3 years Diploma from UGC approved university in same field
- **Lateral entry for 2nd year:**
12th pass (any stream) with 2 years Diploma in same field from any autonomous board
- **Lateral entry for 2nd year:**
12th pass (any stream) with 1 year Diploma from UGC approved university in same field
- **No lateral entry:**
12th pass any stream
- **Lateral entry for 3rd year:**
BVOC 2nd year completed from recognized university

Certificate Details

- **B.VOC 1st year:**
Diploma in Medical Lab technology (After completion of 1st and 2nd semester)
- **B.VOC 2nd year:**
Advance Diploma in Medical Lab technology (After completion of 3rd & 4th semester)
- **B.VOC 3rd year:**
B.VOC in MLT (After completion of 5th & 6th sem)

Benefits of Certificate

- UGC approved university certification
- Eligible for govt. Jobs

Topic Covered

First Year

- Phlebotomy & Bio Medical Waste Management
- Fundamental of Microbiology
- Basic Concepts of Lab Technology
- Basic Human Anatomy & Physiology
- Basic of Health Market & Economy
- Advance Phlebotomy & Lab Ethics
- Introduction to Bio Chemistry
- Introduction of Haematology
- Clinical Pathology

Second Year

- Human Values & Professional Ethics
- Advance Computing Skills
- Blood Banking
- Microbial Physiology Metabolism
- Routine Haematological Test
- Advance Communication & Soft Skills
- Genetics
- Patho Genic Microbiology
- Bio-Chemistry Metabolism
- Bacteriology
- Serology & Immunology

Third Year

- Introduction to National Health Care System
- Digital Literacy & Account Literacy
- Advance Bio-chemical Testing Techniques
- Endocrinology, Tumor and Cancer Markers
- Parasitological & Virology
- Histopathology & Cytology
- Clinical Lab Operations & Management
- Food and Industrial Microbiology

AUXILIARY NURSING AND MIDWIFERY (ANM)

Duration: 2 Years

Theory

- Classroom Theory + in-house basic practical training
- Video/Audio & Traditional Lectures
- Yearly examination
- Lectures 2 days in a week - (3hrs per lecture)
- Industrial Visit / Medical Camp

Practical

- Training in lab fitted with advanced lab equipment
- Practical training in hospital

More Information

- Re-exam fees will be applicable as per the university policy
- No charges for practical instruments
- Exam and registration as per the university policy
- Refer book name will be provided

Key Topics Covered

DATA SCIENCE

ADVANCED CERTIFICATION IN AI & MACHINE LEARNING

Advanced Certification in AI & Machine Learning can help you land your dream job. Designed to teach machine learning concepts, the certification course quickly opens doors to a high-paying career that will be in demand for decades. You will learn the technical skills you need to accelerate your career growth as Artificial Intelligence (AI) / Machine Learning Engineer.

What will you learn?

- Machine Learning in Python
- Deep Learning (Artificial Intelligence) Using Tensorflow and Keras
- Data Analysis in SQL (Videos only)
- R
- Tableau

Eligibility

Applicants should have a Bachelor's degree with a minimum of 50% aggregate marks or equivalent and familiarity with programming

ADVANCED CERTIFICATION IN DATA SCIENCE

India is the second-highest country after USA to recruit data scientist. Data science and analytics jobs are in great demand various industries, ranging from finance to healthcare.

You can accelerate your career growth in this field by mastering data science. Advanced Certification in Data Science course helps the students learn key technologies including R, Python, Machine Learning, Tableau, from industry-expert trainers.

What will you learn?

- Machine Learning in Python
- SQL
- R
- Tableau

Eligibility

Applicants can be HSC passed, pursuing graduation or graduates

ADVANCED CERTIFICATION IN DATA ANALYTICS

Data Analyst has become one of the most in-demand jobs! Data Science deals with the exploration, analysis, modeling, and generation of meaningful information from data for future decision-making. Organizations now aim to turn data into value. Thus, skilled and qualified Data Analysts are in huge demand across the industries.

Data analysts exist at the intersection of information technology, statistics and business. They combine these fields to help the entrepreneurs grow their businesses and organization. It accelerates efficiency and improves performance by discovering patterns in data. Thus, demand for data analysts is high in all sectors.

What will you learn?

- SQL
- R
- Tableau

Eligibility

Graduate in any field, must be willing to learn Math and basic programming in the course

Joint Initiative Of Kaya Training Academy & Ceadp Skill Institute

Kaya Limited is India's foremost chain of specialized clinics, which offers personalized solutions by proficient dermatologists, delivered through a synergistic combination of products and services backed by state-of-the-art, safe technologies.

Kaya has its presence across India and Middle East. In spite of expanding over the years, Kaya's passion for enhancing its proficiencies and medical expertise through innovation has never been compromised. Kaya constantly explores, experiments and reinvents its business to add value to the customer.

After being recognized as the Pioneers in the Indian Market for almost 2 decades, Kaya Limited is proud to establish its most celebrated venture 'Kaya Training Academy'. Kaya Training Academy is a Part of Kaya Group of Companies. Kaya Training Centers (In-house) have always existed ever since Kaya Clinic was conceptualized.

Beautiful is You.

Advanced Dermatology Aesthetician Certification

Duration: 3 Months

Course Eligibility: 10 + 2

HIGHLIGHTS

- 14 Advanced Aesthetic topics covered in detail
- Hands-On Live Demonstration
- Assured Placement Assistance at Best Aesthetic Clinic
- Best Course for Experienced Professionals
- Be a Qualified Technician to Assist Dermatologists

Kaya Skin Clinic
Most Trusted Brand
in Aesthetics since 2003

Aesthetic Skin Technician Certification

Duration: 2 Months

Course Eligibility: 10 + 2

HIGHLIGHTS

- Most Comprehensive Aesthetic Course
- 20 Major Aesthetic Topics Covered in Detail
- Hands-On Live Demonstration
- Best Course for Fresher's & Experienced Professionals

Kaya Skin Clinic
Most Trusted Brand
in Aesthetics since 2003
